Testimony from our Head Customer Service Rep. Julie --- "Hello, this is Julie, Head Customer Service Rep at the Divorce Do It Yourself Service. I have worked with thousands of Customers that are going through very diverse types of divorce situations. And I can tell you one thing, If a customer reads this Free Divorce Booklet with real intent to get as much out of it as they can, that person will more often than not, sail through the "Do It Yourself Divorce" process in less time and with less problems." This FREE Online Divorce Report is intended for the purpose of sharing divorce document information that is commonly available to every man, woman, and child in the United States. This report puts hours of independent paralegal work together in one place for you to read and come to an intelligent conclusion about uncontested divorces. Also, a goal of this Report is to convince you that there is a "way" to do your divorce without an attorney and save you hundreds, if not thousands of dollars. That "way" is to choose to have us at The Divorce Do-It-Yourself Service do all your paperwork for you for one low price. This saves you the headache of doing your divorce with kits, and books; saving you hundreds or even thousands of dollars in legal fees AND YOUR PRECIOUS TIME.

Save hundreds or even thousands of dollars in legal fees

What follows is an explanation of the forms that are needed to do a divorce and how our service works with simple directions for getting started. Please remember that EVERY DIVORCE IS DIFFERENT, also that EVERY STATE AND COUNTY IS DIFFERENT. Therefore, it is practically impossible to buy a regular divorce kit and expect to have ALL the forms and information you would need. It would take a service that works one on one with a customer (you) to do a divorce well. That is what we offer you, the client.

The Divorce Do-It-Yourself Service is a service that helps everyday people do their own low cost Divorce. We are not lawyers and do not claim to practice law. We are independent paralegals and cannot give you direct legal advice. We provide you with secretarial services to do your own low cost divorce through the mail, or E-mail. Thereby, eliminating the need for the high costs of lawyers.

...do your own low cost divorce through the mail, or email...

Any individual wishing to start a divorce (also called a domestic relations action) must file the correct papers with the circuit court according to specific rules. If you talk to people at your local county clerk's office, they may advise you to have an attorney. The clerk will tell you that they cannot give you legal information. However, you can do your own uncontested divorce and it is quite simple actually. Most people who performed their own divorce would recommend it to their friends.

There are certain papers to be filed with the court to begin a divorce.

1. The Complaint or Petition
2. The Summons
3. And various other papers based on the particular situations of the individuals.
(explained below)

Every divorce begins with a Plaintiff (you) filing a Complaint or petition; which asks the court to grant an order. For example, a Complaint may ask the Court to grant a divorce. The Defendant (your spouse) is the person whom the Complaint is filed against.

The Summons is a document that legally asks the person complained against to answer the Complaint. This must be delivered to that person in a way that gave them notice of the action against them. This is called "Service of Process".

If your Spouse agrees to the divorce and will sign the paperwork, this is called an "Agreed Divorce". If your Spouse does nothing with the divorce papers and doesn't sign them and doesn't contest anything with a lawyer, but simply sits on his/her hands, this is called a Default Divorce. Either way is good. We can do your divorce if either of these two circumstances take place.

PLEASE NOTE : If your spouse hires a lawyer to contest your divorce, you will have to hire a lawyer too. We can not represent you but we can help you to save 25% on your legal fees. It is called the PrePaid Legal Service. Mention it to us if this is the service that you might need.

Either way we can help you Save Money \$\$\$!!!

The Divorce Do-It-Yourself Service is designed to help non-lawyers prepare their own case. WE ARE A NON-LAWYER SERVICE AND DO NOT GIVE LEGAL ADVICE, IF YOU ARE UNSURE ABOUT ANY OF THE LEGAL ASPECTS OF YOUR CASE, PLEASE SEE A LAWYER.

Service To The Defendant

After your spouse has been "Served" with the divorce papers, and proof of that filing is given to the court, you can set your court date for your final hearing. You have only one court hearing in an uncontested divorce; which usually lasts around 15-20 minutes. We also include in our service as a FREE GIFT, a "Sample Testimony" sheet that will help you with what to say when you are in the courtroom. It is FREE with our service. With Agreed or Default divorces there is a much better chance of keeping a simple case simple. YOU ARE COMPLETELY IN CHARGE OF YOUR OWN CASE, NOT THE LAWYER.

...You are completely in charge...
